QUILTS OF DENMARK - ISLANDS

**DUVETS AND PILLOWS MADE IN DENMARK.
INSPIRED BY DANISH ISLANDS.**

"Once upon a time in a small Nordic country by the Sea..."

Denmark is a small country by the sea with many lovely islands.
Our Danish Islands Collection pays tribute to the Danish Islands and Scandinavian living.

The small islands spread from the North Sea where the harsh waves roll ashore
and sometimes reach stormy heights – to the quieter fjords, creeks and bays where the water -
and life – is peaceful, idyllic and tranquil.
